STRONG VISIBLE PROGRAM

(A person who feels appreciated will always do more than what is expected)

BLUE MASS

The Blue Mass commemorates the great service and sacrifice of our emergency responders and all their support personnel. The tradition of the Blue Mass originally began in other parts of our country to remember police officers and fire department personnel, to pray for their comrades who fell in the line of duty, and to ask God's continued blessing for their safety.

The Knights say thanks you for your ongoing sacrifice and support!

O God, Almighty Father, we give you praise and thanksgiving for all the first responders and military personnel in our communities around the world who bravely serve to protect us from harm. be with them tonight and protect them always as they continue their diligence on the streets and battle fields. we ask this through the intercession of St. Michael, the archangel patron of our service men and women. for those who have given their lives, may they rest in the peace of Christ, and may their families be healed and protected. Amen.

HOLY BOWL VI COMING AT YOU!

DeSales vs. Tri-Cities Prep
October 23, 2015

GAME TIME 7PM. TAILGATE PARTY 4:00 PM

In Walla Walla this year at the DeSales High football field.

JUST ANOTHER HIGH SCHOOL FOOTBALL GAME?

Don't you believe it for a second!

It's going to be loud, noisy, and enthusiastic. This will be a game with rivalries everywhere, from the cheering section to the defensive line, this will be the must win game, the season maker. **This will be the game everyone must attend so plan on bringing Grandma and Grandpa or live with the consequences.** This will be the football game for everyone, this one will send shivers down your spine from the opening kickoff to the last seconds of the fourth quarter.

This is all being put together by the two Schools with the cooperation of the Councils and Assemblies of District 7 of the Washington State Knights of Columbus, the Knights will sponsor a traveling trophy.

This game has the potential to easily become one the most important days in the life of any football player and student of either school. This event is part of the Knights of District 7's ongoing efforts to support the youth of our District and to promote family values.

ALL THE MONEY BROUGHT IN BY HOLY BOWL VI

WILL GO TO CATHOLIC EDUCATION!

Family of the Month Program

*Snowflakes are fragile, but look what they can do when they stick together.
So it is when our families and our Order are one!*

There is no moral power like that of example, and none more vivid than those set by the Knights of Columbus within our state and throughout our world. As Knights we follow in the footsteps of many gentle warriors who walked the earth for the good of their fellow man before us. In the name of the Son of God they lived as their brother's keeper wrapped in the age old family values of our Church. In the name of humanity they stood as one for the sanctity of life, a value as old as the beating of every human heart since the creation.

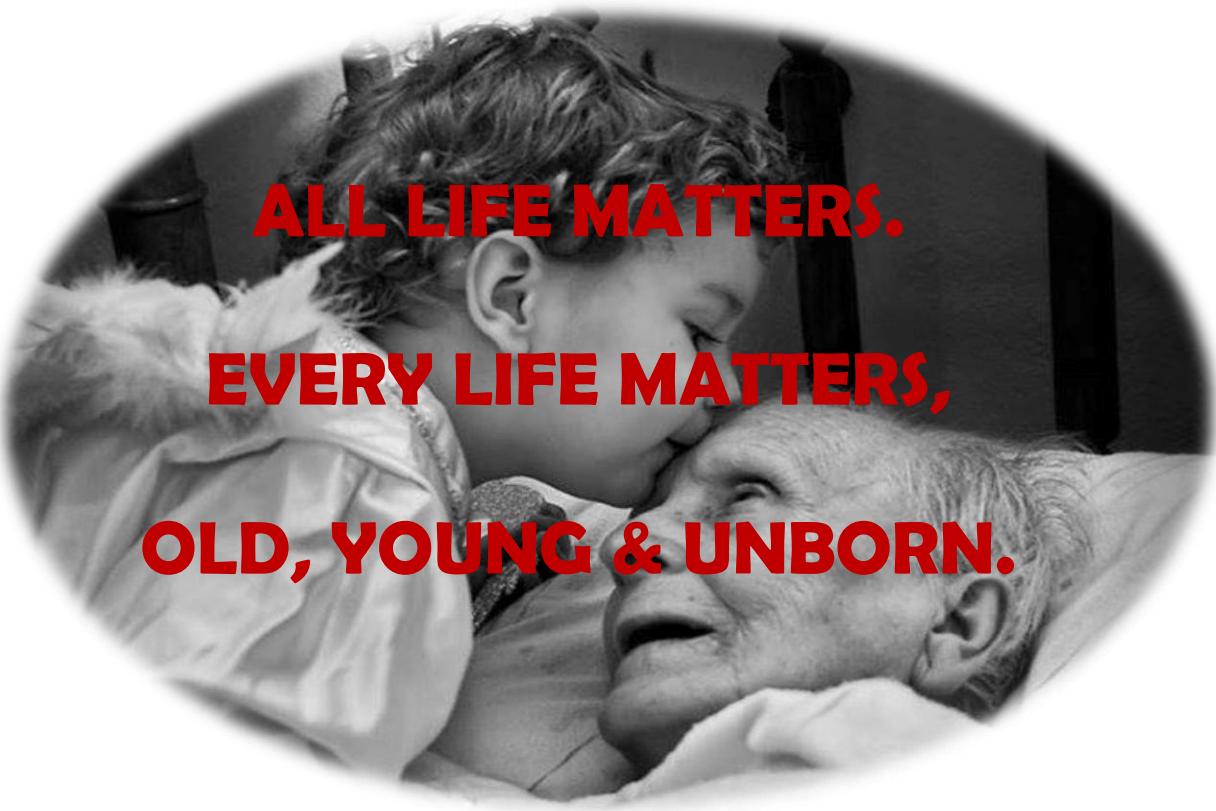

As good as it's been I believe the Order's best days are ahead. Our responsibility in leading the membership is to protect and enhance the bond between our values and the passionate Knights and families who sustain it. We need to publically recognize the contributions made by your council's outstanding Knights through the Family of the Month Program.

This will enhance your membership and retention goals

Our commitment to improve everything we do is ongoing. We are not done yet. Our Church and our values are under attack! And yet, through all the challenges we have faced in our history, through all of the wrongs and the discord, through all of the pain and suffering, there is one thing that has nourished our souls and elevated our Order above its origin. **Brothers, that is our belief in Jesus Christ, and the faith and courage of our families. Our past and our future rests on their energy.** Please reach out and recognize them and their Families.

"Put the pieces together," to recognize and honor our past and our future with the **Family of the Month Program**.

Protecting Human Life

Why is this important to the Catholic Church?

Catholic social teaching is based on and inseparable from our understanding of human life and human dignity. Every person, from the moment of conception to natural death, has inherent dignity and a right to life consistent with that dignity.

The Catholic Church teaches that human life is intrinsically valuable and should be protected from conception to natural death; including the calls to end abortion, prevent euthanasia, stop the destruction of human embryos, and oppose cloning.

MISSING AUDITS

(Attention District Deputies)

My way of introduction for those who don't know me, my name is Everett J. Roberts or "Rob" as you may wish to call me.

I have been asked to assist you in the task of getting your councils up to standard in that the councils that were given to you at the summer meeting on the letter of introduction about past audits. Some District Deputies may not have attended the summer meeting session so this may come to you as new information. I request that you review the attached missing audit list, if you have councils in your district listed please contact them to assist them in getting their audit information up to date or at least get a copy of the last audit so you can assist them.

I am here to assist you in any way possible and at the summer meeting with the new District Deputy Director Eugene Daly, current Master and State Deputy Eddie Parazoo this issue was addressed. I plan to work with you in any way that I can by direct contact and a hands on approach or in the case of those councils on the East Side I will ask someone I feel responsible to work with you by contacting him to assist you with hands off locally. My point of attack is this, we currently have 47 councils who are deficit in their last audit or up to 2 years no submittal. The action that the state must direct is that the council who is are arrears must become aware of this problem.

I have contacted the supreme audit person and requested a copy of the last audit for each council on the list I gave out along with the district they are assigned to as of that date. As soon as I get the new direction of each district I will amend my roster to reflect such. Please take action at this time to insure that each of your councils referenced are in your district, then contact the current Grand Knight and Financial Secretary and tell them that this is of vital interest to the State Deputy. Then ask them if they have a current copy of their audit on hand or in their files. They should provide this copy to you for your reference and action. Once you have obtained this copy, please review it and see what information you can find that should indicate the reason for non submission the last report or in some case for the last 2 years.

Communications with the Grand Knight and Financial Secretary is important for a District Deputy and this should be an interest area for you for your reports to submit to supreme and state on the status of each council in your district. If you see

that a Grand Knight or Financial Secretary is weak in any area especially the audit area please let them know that you are there to assist not direct and let me know the status of those councils in your area.

The new concept of the DDD Bro. Eugene is he is the responsible agent to get it done. So he will be working on this particular area along with myself but I will be the lead on this particular area as far as getting the assistance or visitation that you need. Please, to start my communication process with you, is first let me know that you received this email, second that you attended the summer meeting and got a copy of the letter and council in your area that haven't complied with the audit program. Third that you have contacted or will contact your council this month. My belief is this, summer is no excuse for a council to be dormant but this is a time of great activity, a time for a District Deputy to get to know his new council officers or reacquaint with old. If the council has or doesn't have a copy of their last audit and along with that answer let me know if you feel that help is needed immediately or down the road nearer to audit time at the end of December.

The DDM is involved with the program as a monitor and is available to assist District Deputies in his area of responsibility. You can contact him for any assistance, District Deputy Director Eugene or myself for assistance in any matter involving the audit process. We will respond directly to you with information to the State Deputy so he is kept in the loop of which District Deputies and Councils are being assisted in this important matter of audits. No state council should have any councils that don't submit audits, and for this reason I strongly advocate that each District Deputy request from each of his councils being invited to attend the audit process of each council. As a District Deputy you should be completely familiar with the audit process but if you have areas that you aren't familiar with or unsure contact me via email or home phone 253 584 5632. District Deputy Monitors are responsible to the District Deputy Director and through him directly to the State Deputy. I am only in the loop with contact and directly responsible to the State Deputy but it is also my responsibility to keep the DDD Brother Eugene in all correspondence loop on this project.

END OF AN ERA

'It's over': Baseball great Yogi Berra dies at 90

The wisdom of Yogi Berra can best be understood by thinking about some of the quotes that he is famous for saying. Yogi's quotes are legendary and other than Shakespeare I'm not sure if one person has had a larger impact on the spoken word than Yogi. He played in 14 World Series and won 10 of them. His quotes like "it ain't over till it's over" and "Baseball is ninety percent mental, and the other half is physical" will live on forever. RIP Yogi.

Yogi Berra and his wife, Carmen Berra, had a long and happy marriage. They had been married since 1949 and had three sons. She died in March 2014 after complications from a stroke, after their 65th wedding anniversary.

SOME OF YOGI'S QUOTES:

“It’s déjà vu all over again.”

“Pair up in threes.”

“I can see how he (Sandy Koufax) won twenty-five games. What I don’t understand is how he lost five.”

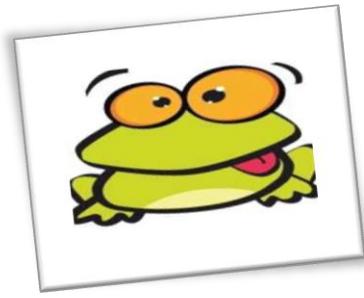

“I’m not going to buy my kids an encyclopedia. Let them walk to school like I did.”

(On the 1973 Mets) “We were overwhelming underdogs.”

“The towels were so thick there I could hardly close my suitcase.”

“You should always go to other people’s funerals, otherwise, they won’t come to yours.”

“When you come to a fork in the road, take it.”

WISDOM COMES WITH THE YEARS

A 72 year old man had one hobby - he loved to fish.

He was sitting in his boat the other day when he heard a voice say, '**Pick me up.**' he looked around and couldn't see anyone. He thought he was dreaming when he heard the voice say again, "**Pick me up.**" He looked in the water and there, floating on the top, was a frog. The man said, 'Are you talking to me?'

The frog said, 'Yes, I'm talking to you. **Pick me up,** then kiss me; and I'll turn into the most beautiful woman you have ever seen. I'll make sure that all your friends are envious and jealous, because I will be your bride!'

The man looked at the frog for a short time, reached over, picked it up carefully and placed it in his shirt pocket. The frog said, 'What, are you nuts? Didn't you hear what I said?' I said, 'Kiss me, and I will be your beautiful bride.' He opened his pocket, looked at the frog and said,

'NAH. AT MY AGE, I'D RATHER HAVE A TALKING FROG.'

(With age - comes wisdom!)

LADIES VIEW

Dear Lord,

I pray for Wisdom to understand my man; Love to forgive him; And Patience for his moods. Because, Lord, if I pray for Strength, I'll beat him to death.

AMEN

Q: How do you keep your husband from reading your e-mail?

A: Rename the mail folder 'Instruction Manual..'

One day my housework-challenged husband decided to wash his sweatshirt.

Seconds after he stepped into the laundry room, he shouted to me,

'What setting do I use on the washing machine?'

'It depends,' I replied. 'What does it say on your shirt?'

He yelled back, 'University of Oklahoma.'

And they say blondes are dumb...

Subject: Oregon State Deputy Prayer Request for our brothers and sisters in Roseburg

To all Oregon Knights of Columbus State and Council Leaders,

Thursday, October 1st, 2015 was a sad day for the community of Roseburg Oregon. 10 people lost their lives and 7 others were wounded at the Umpqua Community College in yet another senseless act of violence. On behalf of the Oregon Knights of Columbus, I have offered condolences and prayers to the Roseburg Council 2939 and told them as well that their Brother Knights in Oregon are here for them, whatever the need is in the council, church and community.

Our State Chaplain Fr. Theo Lange suggested that prayer is the first place we should start and I whole-heartedly agree.

Therefore, I am asking every Oregon Council and Assembly to pray a Rosary after their October General Meeting. Pray for those who lost their lives, for healing of the injured, and healing for the community of Roseburg as well. It is an emotional time for them all. As Knights of Columbus and as Catholic men, we know Our Holy Mother can heal all wounds.

SECOND DEGREE TEAM UPDATE

Brother Knights; Washington's newest certified Second Degree Team is District 35, Rainier, which was certified on September 19, 2015 in Lakewood.

Attached is the current Second Degree Team Captain roster.

Our congratulations to the following team members:

District Deputy Edgardo M. Liloc, member Council 4322, Team Captain
Grand Knight Christian Garcia, member Council 11762
Chancellor Wayne C. Hogan, member Council 4322
Warden Lauro C. Villagracia, Jr, member Council 4322
Financial Secretary Brain Wooley, member Council 4322
Inside Guard Paul Swortz, member Council 4322

The team's performance was excellent and their memorization very good.

This brings the total of certified second degree teams to fifteen, Districts 1, 2, 3, 7, 8, 9, 11, 12, 13, 15, 21, 23, 31, 33 and 35.

In western Washington we have twelve certified teams and in eastern Washington we have three.

We still have fifteen districts, that have been issued books, without a certified second degree team, Districts 4, 5, 6, 10, 16, 17, 18, 19, 24, 25, 27, 29, 32, 34 and the Spanish Second Degree Team. In western Washington nine and in eastern Washington five. Encourage these districts to form and train their teams so they too can be certified.

District 27 second degree team, SE King County, has been conducting training, under the leadership of Team Captain Ed Rogers. Believe they will be certified in October, 2015.

Yours in Christ

THE FRANCIS EFFECT

Archbishop Sartain greets Pope Francis at St. Matthew's Cathedral, Washington, D.C.

"LOVE IS OUR MISSION"

POPE FRANCIS 2015

FAMILY OF THE MONTH

I love to travel, I love a good adventure, and I enjoy meeting a variety of characters. Ever since I was in Jr. High it seemed to me that in the world of travelers, "first class" was left open for the dreamers, the circumnavigators of imagination, those visionaries who committed their adventures to paper. Enter Ulysses and the story of his return from Troy to his own kingdom Ithaca. I wanted to "find myself" in adventures and travel like Ulysses when I grew up!

Ulysses, the wandering storm-tossed voyager, became an early panoramic extension of my future nostalgia. My late teens and early 20s were full-scale adventures of "finding myself" through blundering searches and distracting interludes. Ultimately, thank the Lord, common sense and home cooking brought me to the final realization that home and family was the real adventure. Ulysses was one of the guides of my learning process and the many extraordinary travels of youth. *I wouldn't have missed it for the world.*

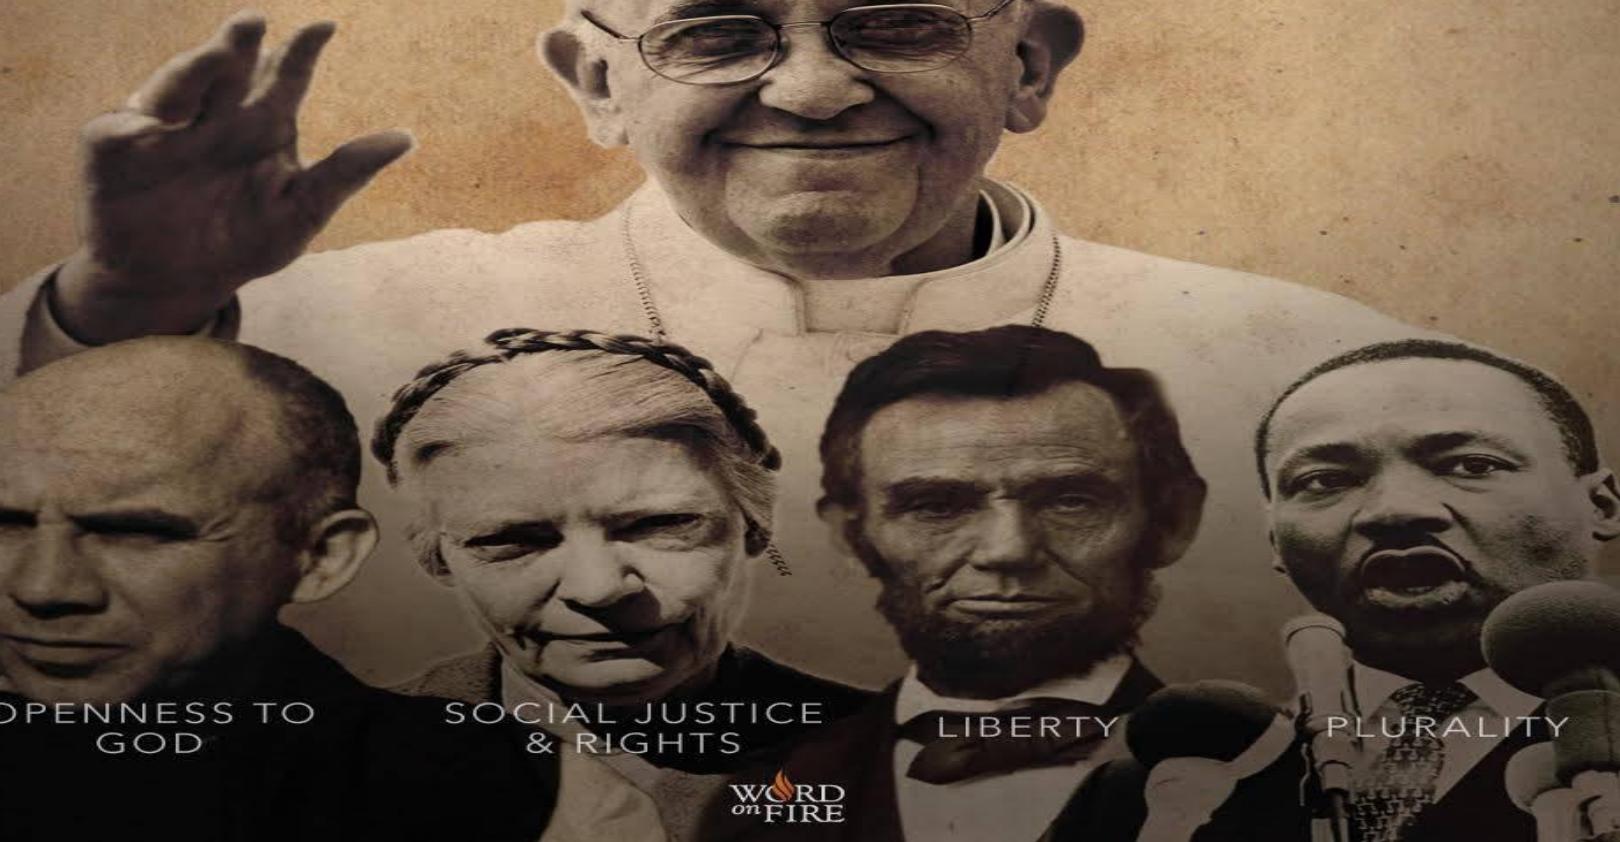

Brothers there are stories that equal the travels and adventures of our famous Greek friend sitting right in your councils. The Councils of our State have some of the finest men who ever walked the planet. I ask you to recognize them and their stories through the Family of the Month Program. DO IT, and you'll find that you will not only enrich the lives of everyone in your council, you will also find that you will feel a lot better about yourself.

Go ahead and become a storyteller of the richness that these men have brought to our State. I'll bet you find a Ulysses or two sitting at your next council meeting. Tell their story, they deserve it!

REMEMBER - If the world didn't need you, you wouldn't be here.

STEVE SNELL, DDM, STATE FAMILY CHAIRMAN

POPE FRANCIS ADDRESS TO CONGRESS

"Three sons and a daughter of this land, four individuals and four dreams: Lincoln, liberty; Martin Luther King, liberty in plurality and non-exclusion; Dorothy Day, social justice and the rights of persons; and Thomas Merton, the capacity for dialogue and openness to God."
- Pope Francis, address to U.S. Congress

Day and Merton: The Catholic Radicals Francis Cited

Pope Francis mentioned in his address to the U.S. Congress the names of three radicals they have revered for decades. Most of the millions who watched the pontiff speak were familiar with Martin Luther King. They are less familiar with two other Americans, equally dedicated to nonviolent principles, Trappist Monk Thomas Merton and co-founder of the Catholic Worker movement, Dorothy Day.

Merton and Day were the two most noted radical US Catholics of the 20th century. Both based their visions of life and society on the Christian gospels, especially their rejections of violence and commitments to the poor.

"LIKE A BUSINESS"

*How often do we in leadership positions hear from some members:
"why are you trying to run the council "like a business"?*

By Manny Aguilar, Hispanic Membership Chairman East

The premise of that question, I'm sure, emanates from the idea that, since we are a group of "volunteers", that we are not a business. That premise is absolutely wrong. Be it that we are a "non-profit" organization does not alter the fact that we are, in fact, still a business with many levels of management, from Supreme to each individual council, all with the same motivation to "be the arms and legs of our Lord Jesus Christ", in His service, to fill the needs of his people wherever we can.

We, as Knights, volunteer our time, talent, and treasure, working together and motivated by His Holy Spirit, give of ourselves and thereby join in the communal effort of all of us in that same purpose--to serve the Lord.

Let's all aspire to develop and keep a positive mental attitude towards all the suggested new programs that are presented to us. Let's not get "stuck in a rut" by doing only those same projects we've always done in the past, and fearing those new programs that may be out of our comfort zones.

*And ALWAYS PRAY for His divine guidance and
courage in whatever programs we get involved in...
the results will be amazing*

Francis' last message to America: Don't be afraid of new things!

(Text taken from the National Catholic Reporter)

PHILADELPHIA: Pope Francis ended his exhaustive six-day, three-city tour of the U.S. Sunday with a strong exhortation to American Catholics to be unafraid of trying new things, even if they seem to threaten long-practiced traditions or existing church structures. In a homily to hundreds of thousands at an outdoor Mass packing Philadelphia's iconic Benjamin Franklin Parkway, Francis said that Jesus' disciples were also afraid of new things -- but that Jesus broke down all barriers to allow the Spirit to do its work.

"Jesus encountered hostility from people who did not accept what he said and did," the pope told the crowds, many of whom had waited for long hours to participate in the last of his three public Masses while in the U.S. "For them, his openness to the honest and sincere faith of many men and women who were not part of God's chosen people seemed intolerable," said the pontiff.

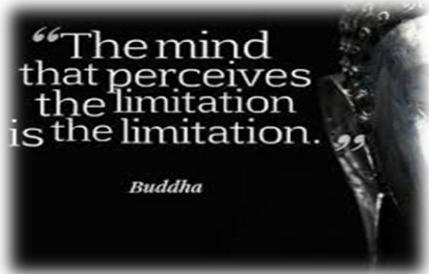

"The disciples, for their part, acted in good faith," he said. "But the temptation to be scandalized by the freedom of God, who sends rain on the righteous and the unrighteous alike, bypassing bureaucracy, officialdom and inner circles, threatens the authenticity of faith. Hence it must be vigorously rejected."

"For Jesus, the truly 'intolerable' scandal consists in everything that breaks down and destroys our trust in the working of the Spirit!" said Francis.

God, the pope said, "will not be outdone in generosity and he continues to scatter seeds."

"He scatters the seeds of his presence in our world, for 'love consists in this, not that we have loved God but that he loved us' first," said the pontiff. "That love gives us a profound certainty: We are sought by God; he waits for us."

"It is this confidence that makes disciples encourage, support and nurture the good things happening all around them," said Francis. "To raise doubts about the working of the Spirit, to give the impression that it cannot take place in those who are not 'part of our group,' who are not 'like us,' is a dangerous temptation."

"Not only does it block conversion to the faith; it is a perversion of faith!" he said

BY ANDREW AND JOANNE KOPRIVA

WASHINGTON STATE CULTURE OF LIFE COUPLE

Pope Francis has come and gone and in his wake he left people frequently discussing the topics of his speeches and homilies, and whether he's really a liberal, a label he seemingly tried to dispute. I was personally disappointed that the Pope didn't focus more of his attention on current major news stories like abortion (Planned Parenthood videos) and religious liberty (Catholic persecution in the Middle-East). But beyond the issues that the Pope touched on is the way our government treated the visiting Vicar of Christ and their attitude towards Catholics in America.

So forget what the Pope said, the point is that there are various sections of society, either conservative or liberal, that think Catholics are not good Americans. If the Church doesn't conform the populist political trend of the country then it gets denigrated. Our government seems to wants to step in and assume the role as the new moral authority.

Our forefathers could not have foreseen the degradation, or maybe distortion, of the first amendment clause protecting religious freedom. What was meant to be a protection for churches (perhaps due to the fact that 10 of the 13 original colonies outlawed Catholicism) turned out to be a gateway for government control of religion. The state seizes control of morality, distorts it, then imposes its "new" morality on the people. This "new" morality can now be seen in such controversial issues as abortion (federally funded to protect women's health) and sodomite 'marriage' (Supreme Court ruling). Man's rights have been placed above divinely established order. While these two issues can arguably be viewed as liberal there is a third issue that is surely viewed as man's right and no business of the Church. And that issue is contraception. Outside the Catholic church nearly every establishment (whether religious or secular) believe that there is nothing wrong with contraception. The wisdom of Holy Mother Church can't be denied when it's now discovered that the birth control pill is a Group I carcinogen and is an abortifacient along with having other medical and psychological effects.

So, I'll take my morality lessons from the Church, and not any government, because first and foremost I am a Catholic, and not an American Catholic but a Roman Catholic, part of the Holy, Catholic, and Apostolic Church.

MEMORIAL FOR THE PREBORN

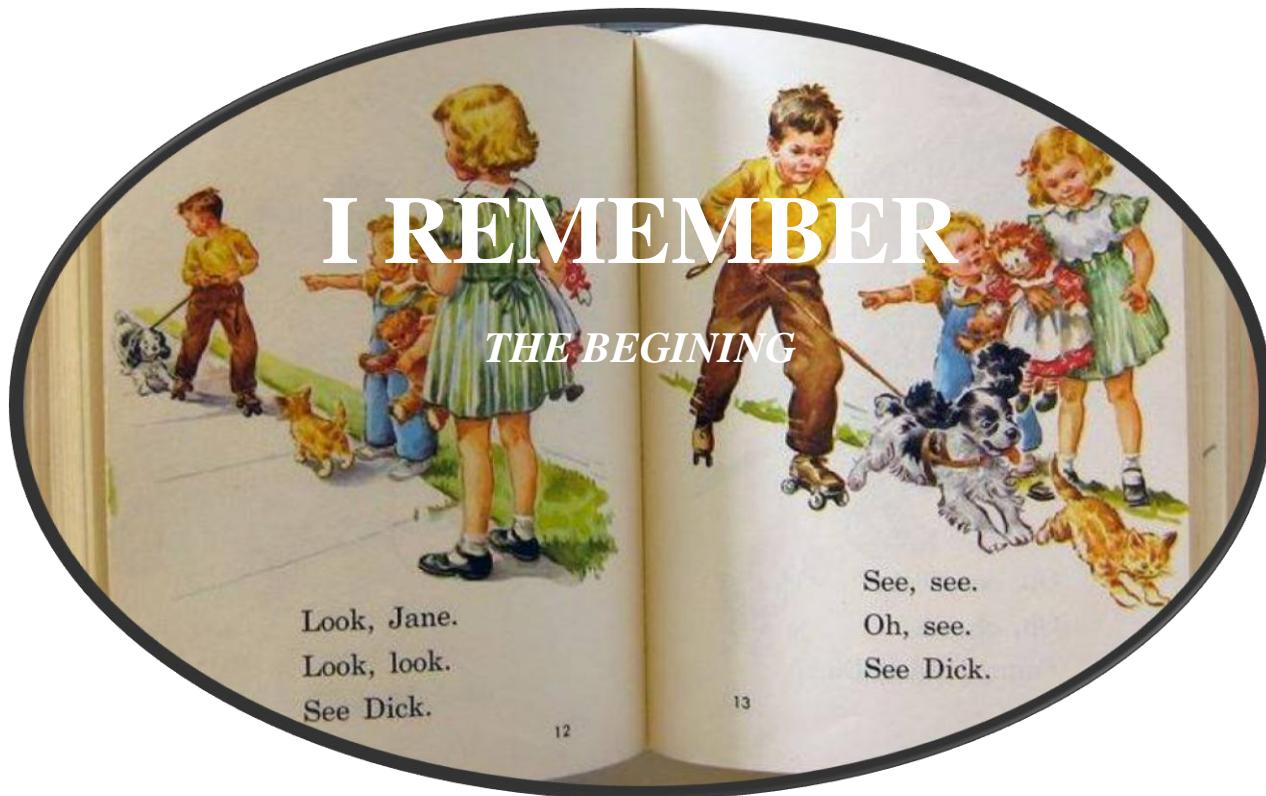

BISHOP DALY LED THE CELEBRATION OF THE PREBORN MEMORIAL

Spokane, October 3, 2015: In the mission to generate a civilization of love, the Diocese of Spokane presented a Memorial for the Preborn led by Bishop Thomas A. Daly. The evening consisted of a candlelight Eucharistic procession from Bishop White Seminary to St. Aloysius Parish, a multi-lingual rosary, and Benediction with the Most Blessed Sacrament.

This memorial was for all children who have died, especially those who died before their birth—for any reason—and for their parents, siblings, friends, and all people of good will. It was for those who have never had the chance to grieve, for those who grieve alone, for those in need of healing and forgiveness, and for anyone who wishes to be united in solidarity with them.

It was the hope that the encounter with the gentle Good Shepherd, who “knows His sheep and calls each of them by name,” comforted, consoled, and encouraged all who participated in this gesture.

The Diocese of Spokane express their thanks to St. Aloysius Parish, Gonzaga University, and Gonzaga Students for Life for collaborating in this event.

THE SIMPLE HONEST TIMES OF FAMILY, FAITH & DISCOVERY

I Remember Grandma's House

I remember the lamplight and the low fire burning with a bowl of popcorn sitting on the wood stove. When the only sound was a quiet word or a book page turning.

I can never forget the sound of Dakota wind and the sound of the driving rain from the prairie. When cold days and dark days met at and beat on the windowpane.

I was never scared because Grandma was there. She said God was keeping an eye on us.

I remember when I was a little boy you could feel safe in Grandma's house with the lamplight and the low fire burning.

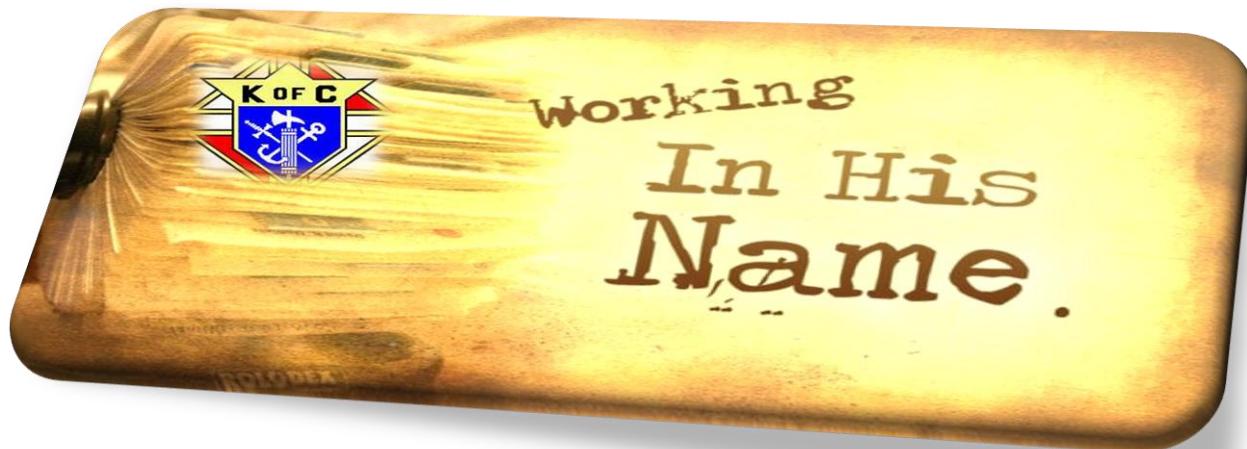

THE WELFARE OF ALL

There was a farmer who grew excellent quality corn. Every year he won the award for the best grown corn. One year a newspaper reporter interviewed him and learned something interesting about how he grew it. The reporter discovered that the farmer shared his seed corn with his neighbors. "How can you afford to share your best seed corn with your neighbors when they are entering corn in competition with yours each year?" the reporter asked.

"Why sir," said the farmer, "Didn't you know? The wind picks up pollen from the ripening corn and swirls it from field to field. If my neighbors grow inferior corn, cross-pollination will steadily degrade the quality of my corn. If I am to grow good corn, I must help my neighbors grow good corn."

So is with our lives... Those who want to live meaningfully and well must help enrich the lives of others, for the value of a life is measured by the lives it touches. And those who choose to be happy must help others find happiness, for the welfare of each is bound up with the welfare of all...

POPE FRANCIS IS MAKING A DIFFERENCE,

WHAT ABOUT YOU?
